

SCHOOL CLOSINGS

The superintendent or his/her designee may order the closing, the delay in opening or the early dismissal of any or all schools in order to protect the safety and welfare of the students and staff.

The administration shall devise adequate plans for notifying students, parents and school personnel in the event that conditions cause the closing of the schools.

Unless employees are notified that their work schedule is changed because of adverse weather or emergency conditions, it is expected that all employees will work according to the terms of their contract and division policy.

During adverse weather or emergency conditions, however, employees will follow guidelines related to work schedules. The guidelines may be reviewed by the School Board.
